**PRINT COLLATERAL**

Printed Collateral must make consumers feel comfortable with your company's products and/or services. Whether you need a simple brochure or combination of marketing material (flyers, postcards, catalogs, and etc), 247 Graphx will deliver the marketing collateral you need. Our team of highly creative designers will create the perfect print collateral you envision.

**CREATIVITY + FUNCTION = RESULTS**

An effective print piece must catch the eye and communicate a message effectively. That is the goal of our collateral designs. To make sure you stand-out from the crowd. We will list to your guidance and work with you throughout the entire development process. Our collateral print designers have solved many creative challenges for our clients and created marketing pieces that they are really pleased with.

**REQUEST A QUOTE**

**VEHICLE WRAPS**

Vehicle wraps are a great marketing investment. With thousands of drivers on the road a day. Having a wrap is like having a mobile billboard that goes where you go. Increasing brand awareness.

**Read More**

**WALL WRAPS**

An empty wall is wasted advertising space. Our wall wraps are creative, bold, and large. We will maximize your advertisement space with a great wall wrap. Showcasing your brand, services, and/or products.

**Read More**

**WINDOW WRAPS**

Window marketing at its best. Window wraps create great advertising possibilities while keeping visibility from within the building. Outside consumers see the graphic and inside consumers can see the outside.

**Read More**

**WRAPS ARE THE BEST FORM OF ADVERTISING**

**Wraps Are Custom Designed**

**LOGO DESIGN**

The key to a successful company is their brand. Our logo design service is professional quality and the designers will create a logo that communicates your brand clear & concise.

**BUSINESS CARDS**

It is your first impression when you're not present. A business card says your company is professional and what you have to offer is better than your competitor.

**PRINT COLLATERAL**

Collateral prints are average to large size prints, advertising your company's services, products, and/or events. We will create marketing collateral that will be notice.

**COMPLETED PRINTS**

**METRO TECH ELECTRICAL**

A multi-purpose advertising flyer. One side is for commercial clients and the other is for residential clients. Getting the benefits of 2 flyers for the price of just 1.

**METRO EMERGENCY UPFIT**

MEU wanted a marketing presentation kit to advertise about the emergency vehicle upfitting service. Targeted at government agencies and the private sector.

**TARGET ROOFING**

Target Roofing wanted a marketing product he could leave on the doors of surrounding homes. Advertising what he is about and what he can offer.

**VIEW GALLERY**

**TYPES OF MARKETING COLLATERAL**

The production of marketing collateral is important in any business' marketing communication plan. Creating and producing the right print piece is crucial. Their are many options at there that will greatly enhance your company's brand and product(s). Choosing the correct print collateral piece of pieces is the hard part. And, that is where 247 Graphx comes in.

**STATIONERY (LETTERHEADS & ENVELOPES)**

Any company letter or announcement should be branded with these basic collateral print designs. Letterheads & Envelopes are the most common forms of branding any company should do. It keeps everything consistent and recognizable.

**Testimonials**

"They were **on-time & quick** with my electrical repairs. **Not to mention, their pricing was really reasonable too.**"

**RECENT WORK**

**Valued Clients**

**Services**

Since 1990, Metro Tech Electrical Contractors, Inc. has provided our customers in and around the greater Oklahoma City, OK metropolitan area with emergency services and electrical repairs. We pride our business on prompt, professional and friendly service at prices you can afford.

We welcome commercial and residential customers, and will accept statewide bidding for commercial jobs.

**Residential Electrical Services**

Residential customers can call on us for just about any job – big or small – from ceiling fans to circuit breakers. Our electrical staff has over 200 years of combined experience in the field, and we can help solve any problem or installation you have.

- Ceiling fans
- Troubleshooting
- Dryer and range outlets
- Telephone & Cable Wiring
- Remodeling and Additions
- Landscape lighting
- Mobile homes

**Commercial Electrical Services**

As a valued commercial client, Metro Tech promises the best professional electrical service around OKC metro area. Because of our history in the electrical industry, our electricians & contractors can handle a wide range of commercial building needs. We aim high in quality and achieve the best in results.

- Statewide bidding
- 24-hour, same day service
- New construction
- Equipment wiring
- Motor wiring
- Tenant improvements
- Parking lot lighting
- Emergency generators

**Testimonials**

Thank you guys for a job well done. If any of our neighbors or friends need any electrical work, your company will always be recommended. Also, the two electricians that work for your company were courteous and completed the job in a timely manner. They are a great asset to Metro Tech Electrical.

*Constance & Jim - Home Owners*

We greatly appreciate David and the staff with Metro Tech. They installed our new back-up generator for a good price and completed ahead of schedule. The professional electricians played a key role in avoiding disruptions to our mission critical operations. The service saved us untold thousands of dollars in downtime, material, and labor. Thank you again.

*Jerry - Oklahoma One-Call System*

I was very pleased with the professional electrical work done at our facility. The electricians did a wonderful job. The lighting issue we were having has been corrected. Providing us with more efficient lighting and lowering our electric bill. Our center has greatly benefited from this improvement.

*Tracy L.*

**Frequently Asked Questions**

Many times when Metro Tech Electrical Contractors, Inc. receives a call concerning these types of electrical problems, we find the problem is with the electric utility and not the customer's wiring. If this is happening at your home or office, you might want to first contact your electric utility company. They will check their service free of charge and may save you the cost of a service call.

Does your company offer free estimates?  
 There is only partial power in my home or business location. Can you check that?

**Who We Hire**

Make Emergency Lighters, Ltd. (EML) located in east Tennessee. We are currently seeking qualified applicants for the following positions: Police Officer, Sheriff's Office, Fire Department, Public Safety, and Security. EML offers a wide variety of products to meet the needs and budgets of every customer. A team of our qualified staff will consult with you throughout the process of designing and building the vehicle that is right for your application.

**High quality units...  
...by skilled installers**

The staff at EML takes pride in our quality and craftsmanship and has a passion for the work produced by the group and as a result our work is backed by our industry leading warranty. Our technicians are trained in apprenticeships and they have obtained the same Emergency Vehicle Technician certification and have demonstrated the technical skills and abilities that define the craftsmanship of our work. It is our belief that this process ensures the quality and reliability that our customers expect and require to perform their duties on the job. Whether it is a full custom build, a retrofit of equipment or a minor application, EML will ensure the same level of service and quality to all customers and for all applications.

**What We Offer**

EML offers a wide variety of products to meet the needs and budgets of every customer. A team of our qualified staff will consult with you throughout the process of designing and building the vehicle that is right for your application.

Upon completion of your consultation we will provide you with a quote based on the agreed upon specifications complete with a full equipment list and a price list guarantee. Whether it is a basic light bar package for your police vehicle, a full custom or basic unit build a basic public works utility vehicle or a turbine service, EML can make it work for you.
